ARTICLE CODE	DESCRIPTION
LFX-7860	Trolleflex wall inlet kit - ø63 - 350mm

BRAND

Trolleflex

PRODUCT DESCRIPTION

The Trolleflex kit provides a wall inlet that can be perfectly sealed
Trolleflex kit includes: 1 blue flexible conduit, 2 white flanges and black insulation
the black, environmentally friendly insulation expands when the packaging is opened
the insulation must be applied after the pipes have been installed through the blue Trolleflex sleeve
insulation (sound & cold) and flexible available separately
other lengths of flexible conduit available on request
