ARTICLE CODE	DESCRIPTION
HBC-9600	Container rinser station for HBC-9100

BRAND

Hamilton Beach Commercial

PRODUCT DESCRIPTION

Designed to quickly rinse blender jars, lids, mugs, and other small accessories
Works with the Hamilton Beach HBC-9100 container rinser (sold separately)
Saves time and improves workflow by allowing immediate rinsing after use
Compact design takes up minimal counter space and can be placed next to or above a sink
“No spray” design helps reduce splashing and water waste
Removable stainless steel grate helps prevent clogs and makes cleaning easy
Durable commercial-grade construction with non-slip suction cup feet for stable placement
No electricity required; purely mechanical operation using water pressure
