ARTICLE CODE	DESCRIPTION
RBT-5991	Hard solder rings - ø14mm - 250gr/pck

BRAND

Rothenberger

PRODUCT DESCRIPTION

Made of high-quality, silver-phosphorous safety brazing alloy, guaranteed according to EN ISO 17672, CuP 279
Ideal for capillary gap soldering in copper pipe installation in sanitary and heating technology
Exactly matched to the inside diameter of the brazed pipes and fittings according to EN 1254
Complete through-soldering of the soldered joints
Particularly economical work due to precisely metered solder quantity
No preparation and rework at the soldering point
Melting range: 650-810°C
Package size: 250g platic bag

SPECIFICATIONS

Net weight (kg)	0.01
Color	Undefined
