ARTICLE CODE	DESCRIPTION
BLD-9009	Bluediamond multitank - for maxiblue & megablue

BRAND

Blue Diamond Pumps

PRODUCT DESCRIPTION

The MultiTank™ is specifically engineered for seamless integration with BlueDiamond's MegaBlue® and MaxiBlue® condensate pumps.
Designed to address spatial limitations and streamline multiple condensate drainage lines into a single collection point
Capable of handling up to six independent condensate drain lines, it offers a highly efficient, low-maintenance alternative to traditional float switches and tank pumps.
With no moving parts to clog or seize, the MultiTank ensures reliable, long-term performance in demanding environments.

SPECIFICATIONS

Net weight (kg)	0.687
Color	Undefined
