ARTICLE CODE	DESCRIPTION
REF-1022	Refco Vamp-F condensate pump - 128x30x26mm

BRAND

Refco

PRODUCT DESCRIPTION

Quick and easy to install, highly versatile, exceptionally quiet, and the smallest of its kind on the market – this is the new condensate pump from the VAMP series
It combines innovative technology with practical benefits
Proven and interference-resistant optical sensor technology is paired with the reliable and silent operation of a diaphragm pump
The VAMP-F features an integrated reservoir and an optical level sensor, making it the smallest model on the market
Standing at just 26 mm tall, it fits in even the tightest spaces
Thanks to advanced diaphragm pump technology and effective vibration dampening, the pump operates at less than 20 dB(A)
The posable hose serves as a reservoir replacement (with filter and adapter) for direct connection to the condensate tray
Suitable for wall-mounted units, ceiling units, and floor units
Handles up to 22 liters per hour
Capable of up to 15 meters
Operates universally with input voltages ranging from 100-240 VAC
Reliable operation ensured by proven optical sensor

SPECIFICATIONS

Length (mm)	128
Width (mm)	30
Height (mm)	26
Net weight (kg)	0.14
Color	Undefined
